# Report Structure

---

# Themes for the Reporting Period

---

Ensuring the quality assurance and enhancement of work placements: an examination of the lessons learned and challenges ahead;

Enhancing student engagement in partnership with postgraduate and postgraduate research students: taking a closer look at student-staff partnerships;

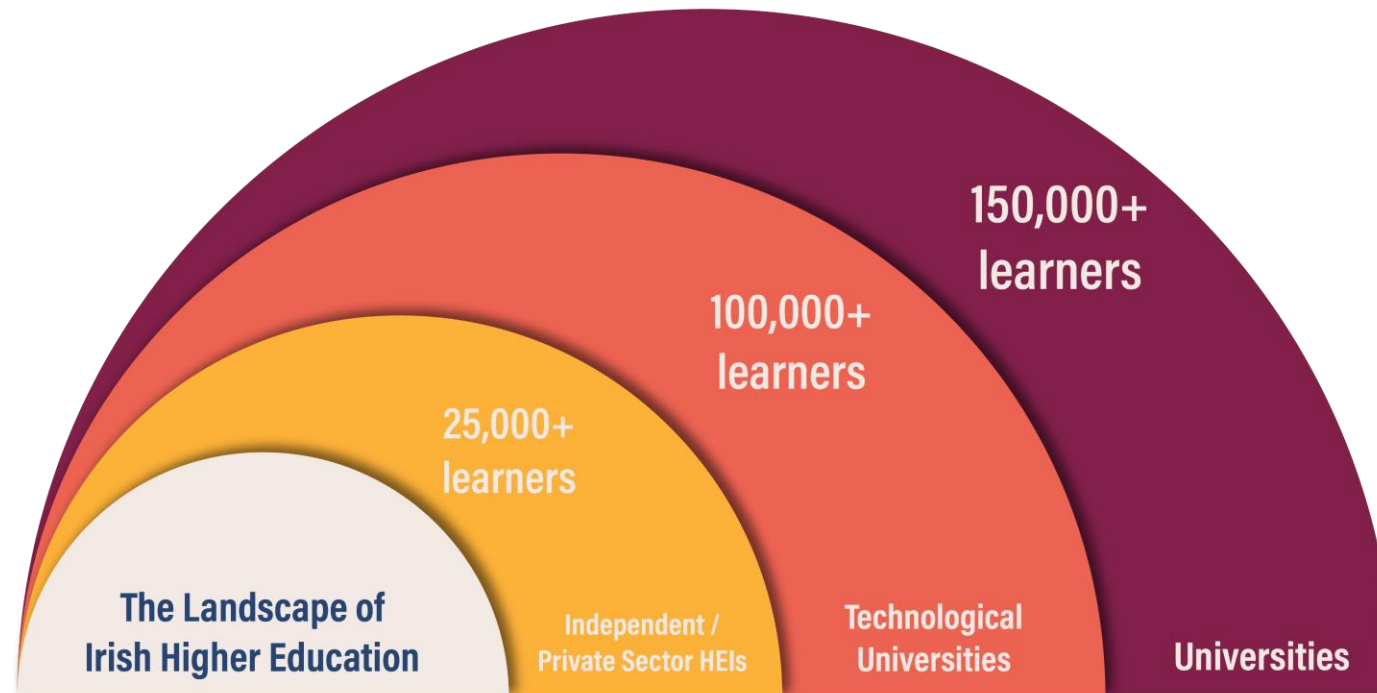

The QA of research and/or research assessment; barriers to effective partnership

Ensuring that internal quality assurance can effectively facilitate and support access, mobility and progression of refugees and asylum seekers.

# The Landscape of Irish Higher Education

Emerging Strengths

Teaching,  
Learning &  
Assessment

Academic Integrity

# A tentative sketch of the future learner experience...

---

## *Learners will...*

1. Bring higher expectations of EDI to the workforce post-graduation;
2. Be better placed to contribute to sustainability in industry and the Climate Action Plan;
3. Receive explicit guidance on academic Integrity and ethics;
4. Learn in industry and workplace focused, flexible programmes;
5. Increasingly benefit from research-led and research-informed teaching.

# Thank you
